

You can't wait to change the world.

Searching for a Masters degree that provides *leadership, international experience, and environmental sustainability credentials* from a university respected around the globe?

At Virginia Tech's *Center for Leadership in Global Sustainability*, we know you don't have time to put life and ambitions on hold while you're in graduate school.

The **Master of Natural Resources (MNR)** is an interdisciplinary degree for working professionals just like you. Our flexible design and innovative instruction allow you to put the knowledge and skills learned in class to work immediately, in your own community.

Compare our four degree programs—Executive, Global, Online, and World Executive. See the Program Guide below.
